Waschbecken mit eigenem Charakter

Die Magie der Farbe hat uns in ihren Bann gezogen und erweckt neue Empfindungen in der Welt der Bäder. Aufsatzwaschbecken gehören zu den Stücken, für die neben den Formen am häufigsten mit dem Farbspektrum gespielt wird.

Spot Colour hat seinen Ursprung in der Kollektion Spot. Fünf der herausragendsten Entwürfe wurden bearbeitet und in Slim umgewandelt, was sie auch als Colour definiert. Die Spot Colour Serie wurde zusammen mit der neuen Textur von Hidrobox Microtex® mit einem leichten und weichen Relief kreiert, das die Waschbecken auf der Außenseite verkleidet.

EN
Every washbasin has its own identity

The magic of colour has captivated us, creating new sensations in the world of bathrooms. Countertop washbasins are one of the pieces that allow you to play with colour and shape. Spot Colour is based on the Spot collection. 5 of its most outstanding designs have been modified and turned into Slim, which are also defined as Colour. The Spot Colour range was created alongside the new Hidrobox Microtex® texture, light and soft, which adorns the outside of these washbasins.

FR
Un grand choix de vasques design

La magie de la couleur s’est emparée de notre collection en provoquant de nouvelles sensations dans le monde de la salle de bain. Les vasques à poser font partie des éléments qui mettent leur signature à un espace par leur design ou par leur couleur. Spot Colour tient ses origines de la collection Spot. Cinq des modèles les plus appréciés de cette série ont été convertis en Slim, puis développés dans la gamme Colour présentée ici dans la nouvelle texture Microtex choisie pour revêtir l’extérieur des vasques d’un relief doux et léger.

Die Spot-Aufsatzwaschbecken bieten eine glatte Textur sowie verschiedene Formen und Konzepte mit bis zu 32 Varianten. Dieses wird aus Scene® gefertigt, wobei das weiße Material und die Formen des Designs, die einen eigenen Charakter vermitteln, diese Waschbecken auszeichnen und viele alternative Gestaltungsmöglichkeiten bieten. Insbesondere die "Slim" Ausführung, wirkt besonders schlank.

EN
Spot washbasins, for countertop installation, have a smooth texture and count on a development that includes 32 variations in terms of shapes and concepts. Made from Scene®, the white of the material and the design forms, some of which are unique in their identity, adorn the countertop, offering a great deal of choice. This includes some with reduced thickness "Slim" features.

FR
Les lavabos Spot à poser sur plans autoportants ont été développés dans 32 variantes de formes, design et concepts différents tous en texture lisse. Fabriqués en Scene, ils mettent en valeur le plan sur lequel ils reposent grâce à la couleur blanche de leur matériau et à leur design, certains de ces lavabos sont présentés dans la gamme « Slim » dont l’épaisseur est affinée et réduite.
