Essence and creativity

SPOT

Scene® y Kromat® · Liso y Microtex · 37 Modelos · Modelos "Slim" · Amplia variedad de formas basadas en 10 conceptos básicos

Cada lavabo tiene su propia identidad

Los lavabos Spot, para instalación sobre encimera, se presentan en textura lisa y cuentan con desarrollos de diferentes formas y conceptos hasta alcanzar 32 variantes.

Fabricados en Scene®, el blanco de la materia y las formas del diseño, algunas de ellas de gran identidad, visten la encimera ofreciendo muchas alternativas de elección y, en entre ellas, algunas con características "Slim" de reducido espesor.

SPOT COLOUR

La magia del color nos ha cautivado provocando nuevas sensaciones en el mundo de las salas de baño.
Los lavabos sobre encimera son una de las piezas en las que más frecuentemente se desarrolla, además de las formas, el mundo del color.

Spot Colour tiene su origen en la colección Spot. 5 de sus diseños más destacados se han editado y convertido en Slim, definiéndolos además como Colour. La gama Spot Colour nace junto a la nueva textura de Hidrobox: Microtex® de ligero y suave relieve que viste los lavabos por su exterior.
